

# Wrapped up Northamptonshire

Worried someone you know can't cope this winter?

Winter is hardest for our most vulnerable neighbours.

If you're concerned about someone, please call us to discuss how we can help.

**0845 677 2220**

Organisations from across Northamptonshire have joined forces to protect our vulnerable neighbours most at risk from excessively cold weather and prevent them needing to be hospitalised.

Please check up on neighbours, friends, and relatives who are older or with long term health conditions to make sure they are warm and well.

If you are concerned about someone you know this winter, please call us. We will contact and assess them for the help they might need.
